Dear Residents, Business Owners and Visitors,

Welcome to the City of Brewer! I trust that you will find our site helpful as you learn more about our city's services and the wonderful opportunities Brewer has to offer. You'll soon see why Brewer is anything but business as usual.

My vision for Brewer – it continues with our strong business base as a launching pad for future Brewer economic development. Built upon a foundation of manufacturing, as a community, we have evolved into a balanced, stable and diverse economy with high profile businesses and industries. In Brewer, we all work together as a team to help our businesses become as successful as they can be.

As the former principal of Brewer High School, I can tell you first hand we have a strong comprehensive curriculum in both our Brewer Community School and Brewer High School, and we are dedicated to helping our students achieve their greatest potential. We are committed to being a "Community of Caring" – we strive to be and have the best in Public Safety, Infrastructure, Recreation and Lifestyle by being a progressive and forward thinking community.

As mayor of Brewer, my goals include enhancing the quality of life, keeping our city at the forefront of economic and business development, and maintaining the safety of our neighborhoods and businesses. Working together, we can make this an even better place to raise families, go to work and enjoy life here in Eastern Maine.

We have many opportunities to look forward to in the coming year, and I encourage our residents and businesses to continue to be strong ambassadors for the City of Brewer. And if you aren't a current resident or business, what are you waiting for?

Whether you're visiting our website to learn more about local government, our economic development initiatives, or to learn more about Brewer, I hope you will be able to find the information you need. If you have any questions, please do not hesitate to contact City Hall at (207) 989-7500.

Best regards,

Jerry V. Goss

Mayor Jerry Goss
